THE HIJRAH RIDE IS A JOINT PARTNERSHIP BETWEEN H&KCC AND MUNTADA AID.

FIVE YEARS OF THE HIJRAH RIDE

In 2022, together with **Muntada Aid**, we successfully completed the world's first Hijrah Ride. Over three consecutive days, riders cycled more than **500 kilometres** through the harsh desert conditions between Makkah and Madinah.
This unforgettable achievement inspired hundreds of people worldwide.

In January 2026, we proudly completed our fifth Hijrah Ride. What began as an ambitious dream has evolved into a life-changing experience for hundreds of riders. A journey that was once unheard of is now recognised and respected across the cycling and Muslim communities.

This unique ride is driven by a strong purpose:

charity and helping those in need. Over the last five years, we have raised over £1.1 million. This money has helped over 40,000 people in Gaza and children suffering from various congenital heart defects in 5 countries.

As we celebrate five years of the Hijrah Ride, we would like to extend our sincere gratitude to Munir Patel, CEO of Xrail, for unwavering support.

Five years ago, the Hijrah Ride was just an idea. Today, it is a legacy. A legacy built not by one person, but by a community united by faith, purpose, and a desire to achieve something extraordinary.

As we look back on the last five years, we do so with immense gratitude. And as we look ahead, we pray that the Hijrah Ride continues to inspire, transform lives, and bring people together for many years to come.

Thank you, and may Allah reward everyone who has been part of this incredible journey. Ameen.

OUR WORK IN GAZA

Before the onset of the ongoing war in Gaza, Muntada Aid had a fully functional mental health clinic that was specifically catering to children suffering from various forms of PTSD. We also had installed a series of small water desalination plants to help ease the chronic water shortages in the Strip. Unfortunately, all of this infrastructure was destroyed right at the beginning of the war.

Since the start of the war in 2023, Muntada Aid and H&KCC have collectively decided to fundraise for Gaza Emergency, and through Hijrah Ride alone, we have raised over half a million pounds for food and emergency aid for Gaza.

Since starting aid delivery inside Gaza, our main goal has been to provide emergency food, including cooked meals, family food packs, and clean water.

As the emergency prolonged and aid was blocked from entering, we had to change how we procured and delivered it. At one point during the height of the blockade, the prices of food went up by 10 to 15 times, but our commitment towards delivering and fundraising for these persecuted people didn't waver.

Even today, the situation inside Gaza remains catastrophic. People have very little access to basics like food, water and health services.

ABOUT LITTLE HEARTS

Muntada Aid's flagship Little Hearts programme is one of the most unique charitable missions. The aim of the programme is to serve children suffering from various congenital heart defects across the world.

Muntada Aid's Little Hearts team travel to various parts of the world, providing free heart operations to children. So far, we have performed **over 3,700 heart operations** for children in **17 countries.**

The Hijrah Ride was originally dedicated to fundraising exclusively for this project, but because of the war in Gaza and the unfolding human tragedy, the team unanimously decided to also fundraise for the ongoing Gaza emergency.
